

On-Farm Sales

Innovative new technology has taken our machinery auction sale services to a new level and audience, enabling us to offer a variety of options designed to suit all types of sales and circumstances, helping clients achieve maximum returns.

Our services include:

- Flexible auction options – We conduct auctions live on-site or timed online, with hybrid formats available for optimal exposure to buyers across the UK and overseas.
- In-depth marketing – Each auction is promoted through online portals, our social media platforms and our extensive database of prospective buyers.
- Asset value maximisation – Leveraging our expert knowledge and wide network, we work to maximise the value of your assets.
- Full-service sales management – Our team of experienced sales administrators manages the process from start to finish, using our bespoke auction systems.
